

Name: \_\_\_\_\_

**PlantCam.live worksheet**

Answer the following questions below by going to the website at <https://www.plantcam.live/>.

1. Look at the live image page. What does the weather look like up in the Waianae Mountains?

---

---

2. Who/what is Caly? What dangers does Caly face?

---

---

---

---

3. Watch 'Time-lapse of Caly' (one image every day, updated weekly). Make two observations of change.

---

---

---

---

4. View the graph on the bottom of the 'live image' page. What does the weather station data tell us about the weather? Do changes in the environment seem to be affecting Caly's growth? Click through the different weather variables in the drop-down menu and describe any trend that you may observe.

---

---

---

---

5. Provide 1 idea for how the 'Life of Caly' website can be better.

---

---

---
